

MEMORANDUM FOR: *(If it keeps on rep of this)*

25X1A

 called me on this matter yesterday today. We agreed to wait the formal request. Once this arrives they want the DTR's view (Re is for this program) and recommendation. Once they have letter & recommendation - Col. W can then make some decision as to convincing the DPs (particularly Jack Smith) to decide if we should fill the requirement & with whom - i.e. which Directorate, etc.

I presume that the letter 28 Jan 71 will go to the DCA & finally (DATE) letter down to us for DTR's view.

Remarks: Mr. Cunningham: 25X1A

The last paragraph of [] memo suggests action on the part of the Director. If the NWC and the National Security Affairs Research Group are serious in requesting our participation, I would think that some formal communication from them might be appropriate and would assist in shopping the invitation around to the DDI and others for recommendation to the ExDir and the Director prior to any final decision. I have retained a copy of the attached for ExDir's review but would appreciate a call from you before you take any action in response to this note.
